STATEMENT ESTABLISHING UNINTENTIONAL DELAY IN PETITION OF APPLICATION ABANDONED UNINTENTIONALLY UNDER 37 CFR 1.137(b)

Sir.

P.O. Box 1450

Alexandria, VA 22313-1450 USA

Applicant's representative first became aware of the abandonment of the present application on July 30, 2004, after applicant's representative telephoned Art Unit 1771 to ask for the status of the present application, and was informed by the General Information/Receptionist that the application was abandoned by statute on June 11, 2003.

The delay in discovering the abandoned status of the application has occurred despite the exercise of due care and diligence on the part of applicant and his representative.

The last communication received by applicant from the Office was the Advisory Action dated November 6, 2002. Applicant responded to such Advisory Action dated November 6, 2002 with the facsimile response dated December 11, 2002, including a petition for extension of time of the

Application Number 09/523,708 Art Unit: 1711 August 9, 2004 Page 2

final Office action dated August 13, 2002 for one month from November 13, 2002 to December 13, 2002. In applicant's response of December 11, 2002, each point raised by the Examiner in the Advisory Action dated November 6, 2002 was addressed, and applicant requested reconsideration, entry of the Amendment of October 14, 2002, and issuance of grant of the application. Apparently no further communication was issued by the Examiner, and applicant's representative's docket contains no further communication after the Advisory Action dated November 6, 2002, as mentioned above.

On January 24, 2003, applicant submitted a further request to consider the contents of applicant's request of December 11, 2002. On February 12, 2003 applicant filed a conditional petition for extension of time and notice of appeal to be considered in the event that the application had not been already allowed. On April 8, 2003 applicant further submitted a request for consideration of the papers of December 11, 2002 and February 12, 2003 and solicited a notice of allowance. On April 11, 2003 applicant further requested extension of time and solicited response from the Examiner. Applicant and his undersigned representative, to this date, have never received any communication from the Examiner in connection with applicant's reply to the Examiner's advisory action, and Applicant and his undersigned representative, to this date, have never been notified by the Office that the present application has been abandoned. Applicant was therefore confident that the application is in the processing stage of issuance of grant.

Applicant submits that applicant's repeated replies and requests for consideration and the lack of any communication from the Office as outlined above is a sufficient showing of due care and diligence and of how the delay in discovering the abandoned status of the application occurred in spite of such exercise of due care and diligence.

Respectfully submitted.
